EMERGENCY CALLS

In an emergency if you call or dial "Operator" and say,

"I want to report a fire" or "I want a policeman"

giving the address where the emergency exists and the name of the city or town, an attempt will be made to connect you with the required number.

For other than emergency, consult the alphabetical section of the directory.

TELEPHONE SERVICE CALLS

For numbers not listed in this directory. ..... Call Information
For placing out-of-town calls..... Call Long Distance
To report telephone "out of order"..... Call Repair Service
To obtain assistance on calls..... Call Supervisor
For business transactions..... Call Business Office

Numbers called most frequently or not in this Directory:

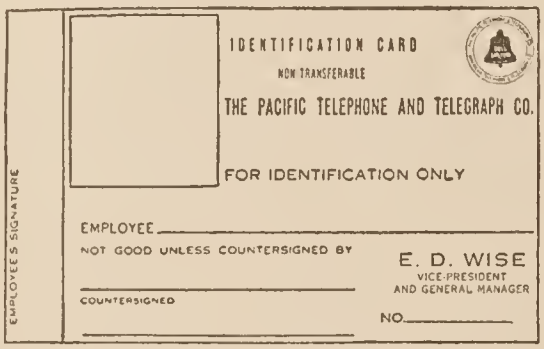
GENERAL INFORMATION FOR CUSTOMERS

ERRORS IN DIRECTORIES

Sometimes, despite care and attention, errors or omissions will occur in compiling telephone directories. Please check your listing in the directory. If it is incorrect in any way, please call the Business Office so that it may be corrected immediately in our records as well as in subsequent issues of the telephone directory.

IDENTIFICATION OF EMPLOYEES



To assist you in identifying an employee in case you have any doubt as to his right to enter your premises, he will present for your inspection a card similar to the illustration above. This card will bear a sample of his signature and a facsimile of his photograph, the latter being a part of the printed card and not an attachment to it.

Information relative to unauthorized persons requesting access to, or tampering with telephones should be transmitted immediately to the Company; call the Business Office.

REGULATIONS AND TARIFFS

The Regulations and Tariffs under which this Company operates are on file in the Business Office and are open to public inspection.

TELEGRAMS BY TELEPHONE

To facilitate sending telegrams or cablegrams you should call telegraph companies as listed in the alphabetical directory.

Charges for telegraph messages of The Pacific Telephone And Telegraph Company at all exchanges, and the Western Union Telegraph Company and Postal Telegraph-Cable Company at certain exchanges, placed by telephone, will be billed by the Telephone Company on its bill for telephone service, or if sent from a public coin box telephone, the charges will be collected at the time the message is sent.

VISITORS WELCOME

Visitors to our Central Office are welcome.

You will find the equipment used and the methods employed in rendering telephone service interesting.

An appreciation of what is involved in handling your calls will be helpful in our efforts to give a satisfactory service.

We shall be especially glad to arrange for visits by student groups, clubs, societies or associations.

Arrangements for visiting should be made at the Company's Business Office, either in person or by telephone.

OUT-OF-TOWN SERVICE

Information included in this directory is based upon the rates and practices in effect at the time this directory was closed for printing and is subject to such changes as may be made from time to time.

Rate Information may be found on page four.

HOW TO MAKE OUT-OF-TOWN CALLS

Whether you use Person-to-Person Service, or the less expensive Station-to-Station Service, your calls can be handled faster if you give the operator the number of the called telephone. "Information" will furnish such numbers as you may desire.

A Long Distance Directory in which we will enter rate and number information for the particular out-of-town points you may be interested in calling will be supplied to you without charge upon request to the Business Office.

STATION-TO-STATION CALLS

This is an Out-of-Town Service where the person calling does not ask the operator to reach a particular person or private branch exchange station at the called place, but will talk with anyone who answers the called telephone. This service is available at lower rates than those for Person-to-Person service. Charges on these calls may be reversed at no additional cost where the initial rate is twenty-five cents or more.

Station-to-Station calls for Seaside and Warrenton numbers may be given to your local operator.

PERSON-TO-PERSON CALLS

PERSON-TO-PERSON rates apply when you ask the operator to reach a particular person or private branch exchange station at the called place. If the desired person or private branch exchange station cannot be reached, a nominal report charge is made in some cases, as explained under "Report Charges" below.

APPOINTMENT CALLS

A definite time for conversation may be specified in placing Person-to-Person calls. Such calls are known as "Appointment Calls." The Telephone Company will endeavor to complete the connection at the time specified.

MESSENGER CALLS

Person-to-Person calls may be made for an individual not having telephone service. In placing such calls, ask to have a messenger sent to bring the desired person to a telephone. This type of call is known as a "Messenger Call."

On these calls a charge is made for the messenger service and this charge applies even if the desired conversation is not held.

REPORT CHARGES

If the called telephone is reached but the call cannot be completed because the person desired is not available and cannot be reached elsewhere, or for other reasons beyond the control of the Telephone Company, a nominal report charge is made to partially compensate the Telephone Company for the work done on the call.

RATES TO SOME OUT-OF-TOWN POINTS IN OREGON

Rates to points not listed may be obtained by calling Long Distance

Faster service may be obtained by giving the out-of-town number. Telephone numbers to many out-of-town points may be obtained by calling "Information."

There is no federal tax on telephone calls for which the total charge is under 50 cents. The tax is limited to 10 cents if the charge is 50 cents and less than $1.00; it is limited to 15 cents if the charge is $1.00 and less than $2.00; and to 20 cents for $2.00 or more.

The above rates are for an initial period of 3 minutes, except those preceded by an asterisk (*), which are for an initial period of 5 minutes.

For information regarding method of placing Out-of-Town Calls, see Page III of this directory.

HAND TELEPHONES
Available in Two Styles

The familiar cradle-type hand telephone is a combination of utility, convenience and good looks. It is preferred in most homes and offices.

The hang-up type hand telephone allows more desk working space and yet is in easy reach for instant use. It is also ideal for home kitchens and other locations where there is no table space.

For information about this or any other telephone equipment call our Business Office.

New conditions have revealed new uses

There are business-getting uses in your telephone which are valuable to you and perhaps untried.

Methods of increasing your range, of saving your time.

Methods of calling on customers miles distant with profitable frequency.

Methods of reducing selling costs.

We shall be glad to advise.

Classified Telephone Directory

ASTORIA
June 1938

"WHERE TO BUY IT"

The Classified Telephone Directory

THIS CLASSIFIED TELEPHONE DIRECTORY is published in the general interest of the business of the community. Its purpose is to provide a conveniently arranged Business Telephone Number Service and a comprehensive "Where to Buy It" Service. These features will be found helpful in the general transaction of business, and in the purchase and sale of commodities and services.

TO FIND THE TELEPHONE NUMBER OF A BUSINESS CONCERN you have in mind, look among the listings under the heading descriptive of the business.

FOR LOCATING SOURCES OF SUPPLY, look for the classification by the name of the commodity or, if that is not indexed, by the name of the business which ordinarily distributes it.

MANY TRADE MARKED PRODUCTS are now shown in this directory and they may be found indexed by their Trade Mark name either as heading classifications or as a group of listings similarly indexed under the heading descriptive of the business which supplies them.

THE DISPLAY ADVERTISEMENTS appearing on or near the page containing the heading classification in which you are interested will provide more complete buying information.

It Saves Hours of Time and Miles of Steps

New conditions
have revealed new uses

There are business-getting uses in your telephone which are valuable to you and perhaps untried.

Methods of increasing your range, of saving your time.

Methods of calling on customers miles distant with profitable frequency.

Methods of reducing selling costs.

We shall be glad to advise.

You can do this any time—anywhere—with a customer.

Long Distance service will take you there in seconds time and permit a personal expression of appreciation for business received.

Business getters are finding that these calls afford high yields in profits and goodwill. The cost is low.
